

Poetry Out Loud: Visualization/Memorization

By Brynne Garman, Hillside Student Community School

Assignment:

1. Create a visual illustration of your poem. For each line, group of lines, or stanza, create a visual depiction/illustration of what is occurring. It may be a storyboard type display, a cartoon strip, individual images, etc. USE COLOR and pay attention to detail. This WILL help you in memorizing and understanding your poem. 😊
2. Be sure to write your poem title and author at the top of your paper and write your name, date and period on the back.
