

## Quick Start Guide for Getting a Unique Entity ID

SAM.gov is an official website of the United States government. There is no charge to register or maintain your entity registration in SAM.gov.

You can get a Unique Entity ID for your organization without having to complete an entity registration. If you only conduct certain types of transactions, such as reporting as a subaward, you may not need to complete an entity registration. Your entity may only need a Unique Entity ID. [Learn more about the difference between getting a Unique Entity ID only and registering your entity.](#)

### If your entity is registered in SAM.gov, you already have a Unique Entity ID

If you have an active or inactive registration in SAM.gov today, you've already been assigned a Unique Entity ID. It's available on your entity registration record in SAM.gov. [Learn how to view your Unique Entity ID.](#)

### If your entity is not registered in SAM.gov and you only want a Unique Entity ID

If you want only to get a Unique Entity ID and do not want to complete an entity registration in SAM.gov, follow these steps:

1. Go to SAM.gov and select "Sign In" from the upper right corner of the page.

- a. When you select sign in, you will be prompted to accept the U.S. Government System terms to sign into the SAM.gov website. Select the green "Accept" button.
  - b. If you do not have a SAM.gov account, you must create one. SAM.gov uses Login.gov for usernames and passwords. [View more help with using Login.gov.](#) Once you create your user account, return to SAM.gov to complete your profile.
2. Once you sign in, the system navigates you to your Workspace. On the "Entities" widget, select the "Get Started" button.

The screenshot shows the 'Entities' dashboard on SAM.GOV. At the top, there is a 'Entities' tab and a 'See All' button. Below this is a progress bar with six stages: Active Registration (4), ID Assigned (5), Inactive Registration (1), Pending ID Assignment (4), Work in Progress Registration (1), and Submitted Registration (0). Below the progress bar, it states 'Next Update Due: 03/23/2023' and 'Due in Next 30 days: 0 Entity Registrations'. The main content area is divided into two sections. The left section is titled 'Register Your Entity or Get a Unique Entity ID' and includes the question 'What do I need for registration?' with a 'Get Started' button and a red arrow pointing left. The right section is titled 'Renew/Update Your Entities' and includes the text 'Select Renew/Update to go to your entity workspace and renew/update your entities.' and a link 'How to renew or update an entity' with a 'Renew/Update' button.

3. On the next page is a welcome screen. Select the “Create New Entity” button.

The screenshot shows the 'Welcome' screen on SAM.GOV. The title is 'Welcome' and the text reads 'You are about to create a new entity record. We will ask a few short questions to help us recommend the best option for you.' There are three main options: 1. 'Are you trying to update an existing entity record?' with a 'Go to Workspace' button. 2. 'Is your entity based outside of the United States?' with a 'Create New Entity' button and a red arrow pointing to it. 3. 'What do I need for registration?' with a 'Download Guide' button.

4. This page asks, “What is your goal?” Select the option most relevant to you. Select, “Next.”

This means your registration status, legal business name, physical address, and other non-sensitive information can be displayed on SAM.gov to any authenticated user. If you feel the public display of your basic entity information poses a security threat or danger to you or your organization, you can restrict the public viewing of your registration record in SAM.gov by deselecting the checkbox.

If you choose to restrict your information from public view, it will also not be visible to other non-federal entities or state and local governments who may wish to do business with you. Certain programs may require you to be included in public search. Either way, your non-sensitive entity information remains available to federal government users and is available through public data services. Learn more about SAM.gov public search.

Before requesting your Unique Entity ID, please certify under penalty of law that you are authorized to conduct transactions for this entity to reduce the likelihood of unauthorized transactions. Then select **Receive Unique Entity ID**.

I certify that I am authorized to conduct transactions on behalf of the entity.

## Documenting your entity

15. Your entity name and address will be [validated](#) by the SAM.gov EVS. The EVS independently verifies an entity's existence, location, and uniqueness. You can review the process for entity validation [here](#).
16. If you do not find your information when validating your entity in SAM.gov, you must [submit documentation](#) to prove your entity's legal business name, physical address, start year, and state of incorporation. Once you submit your documents, you will get a reference ID number and you will have to wait for the EVS to enter or update your validation data before you can proceed.
17. If you submit documentation, then the entity validation service will update your entity information. Once that has happened, return to SAM.gov to [complete your validation](#).
